Hello Community Partners,

We are excited to share that we are hosting a Remote Area Medical (RAM) clinic for Allentown and the surrounding communities the weekend of October 18-20, 2024. The clinic will be held at Executive Academy Charter School, 555 Union Blvd, Allentown, PA. RAM partners with local community hosts to bring much needed care to underinsured and uninsured people across the country. These weekend clinics give communities an opportunity to take advantage of free medical services such as vision, dental, and medical care. In 2021, Dr. Clifford Georges along with a team of medical professionals and volunteers accompanied RAM to Blue Ridge, Tennessee and to Philadelphia, Pennsylvania in 2022. This helped foster the beginning of Global Hope International's partnership with this impactful organization.

Serving at these clinics gave us first-hand experience with RAM and their service operation. Because of our shared commitment to care for those in need, we asked to host them in Allentown. According to the US Census Bureau, over 16,000 people under the age of 65 in Allentown alone are uninsured. By bringing a RAM clinic to the Lehigh Valley many people will receive the free medical attention they otherwise would not have access to.

We anticipate a large number of community members will take advantage of the free services that will be provided. We were also hoping to have a community resource area for patients to be made aware of programs and activities for families. We invite you to host a table for free. Please note participating community organizations would need to supply their own tent, tables and chairs. Set up begins at 8am and breakdown begins at 4pm. Attached is the registration form. Please reserve your spot by **September 1, 2024.**

Please feel free to contact Monica Georges at monica.georges@globalhopeinternational.org with any questions you may have. We look forward to serving with you and caring for people in and around the Lehigh Valley community.

Thank you,

Dr. Clifford Georges & Monica Georges
